Type of business activity: _____

Proposed or completed measures that my business has or will take to create a positive change for the health of the Anacostia Watershed:

- Implement(ed) an oil-recycling program
- Install(ed) rain barrels to trap and slow rooftop runoff
- Institute(d) a spill prevention and clean-up plan and educate(d) employees on pollution prevention goals and procedures
- Install(ed) landscaping designed increase rainfall infiltration and decrease the volume and velocity of stormwater (choose all that apply)
 - Install(ed) a rain garden to capture and filter runoff from your property
 - Create(d) curb cuts to allow water to pass from impervious surfaces to pervious or vegetated ones
 - Reduce(d) the percent of impervious surface found on the business property
- Modify(ied) landscaping practices to reduce their impact on the watershed
- Reduce(d) usage of toxic materials.
- Other: _____
