

Attend a Watershed Meeting or Event

Written by Administrator - Last Updated Tuesday, 19 August 2008 01:13

Throughout the Potomac watershed, there are many organizations dedicated to protecting, conserving, and restoring small subwatersheds. These groups are able to focus on trash cleanups, stream bank restoration, fish passages, vegetating stream banks, and many other tasks. These groups are invaluable to the watershed's overall health. Become involved by attending a watershed meeting or event.

Upcoming watershed-wise gardening workshops

Trouble with Turf: Saturday, Sept. 6, 10-11:30 am at [Accokeek Foundation](#) . Please pre-register by calling 301.283.2113.
