

Planning Color for the Seasons

Planificación de color para las estaciones

Student
Estudiante

When choosing plants for your site, consider plants, shrubs, and trees that provide blooms or other colorful features, such as berries or leaves, at different times of the year — especially when school is in session. This chart is an easy way to plan for year-round color and interest. An example of a completed chart is pictured below. Fill in your own chart on the back.

Al elegir plantas para tu sitio, ten en cuenta plantas, arbustos y árboles que tengan floración u otras características coloridas, como frutos del bosque u hojas, en distintos momentos del año, sobre todo en época de clases. Este cuadro es una forma sencilla de planificar para que haya colores e interés todo el año. A continuación se detalla un ejemplo de un cuadro completado. Completa tu propio cuadro al dorso.

Seasonal Plant Palette for Quiet Waters Planting

Latin Name	Interest	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
<i>Ceanothus americanus</i>	Bloom					Pattern	Pattern	Pattern	Pattern
